

# IronMan 300E and 500G

Extreme-Duty Airless Sprayers

PROVEN QUALITY. LEADING TECHNOLOGY.

Only one line of sprayers has the **power, durability and capability** to be called **IronMan**. From their oversized motors to their rugged, heavy-duty frames, IronMan sprayers are built with extreme ruggedness for the serious contractor.

## POWER

### Extreme-Duty Drive:

Horsepower is muscle – plain and simple. The IronMan packs an oversized motor for increased durability and performance.

## DURABILITY

### MaxLife® Endurance™ Pump:

Proven technology for unmatched durability and life. Long HD pump with large ball check and passages make it ideal for pumping the heaviest materials.

### Roll Cage:

Like an Indy car... the IronMan's steel frame surrounds and protects critical sprayer components from even the meanest jobsite threats.

### Flat-Proof Tires:

Pneumatic tire performance keeps nails, screws and blades from flattening tires.

### Crush-Proof Intake Screen:

Designed for punishing abuse like drops and running into obstacles.

## CAPABILITY

### Extreme-Duty Control:

Maintains a more useful spray pattern for much longer — even as the tip wears out.

### Extreme-Duty Prime Valve:

Designed to hold up to high pressure dumps for the most extreme jobsite conditions.

### Control Lock Theft Deterrent:

Allows user to lock/disable the sprayer and protects controls from jobsite abuse.

## IronMan 300E

### Electric Airless Sprayers

- Most reliable pump at .031 tip rating
- 3300 psi Max Working Pressure
- 2.2 HP Brushless DC Motor
- 1.2 gpm Flow Rate
- Includes:
  - **NEW** Contractor™ Gun
  - 1/4 in (6.4 mm) x 50 ft (15 m) BlueMax II™ Hose
